

**PINELLAS PARK WATER MANAGEMENT DISTRICT
PROCUREMENT POLICY**

(Adopted May 30, 2019)

(Revised Bid Protest 05/2021)

1.0 EXECUTIVE SUMMARY

The Pinellas Park Water Management District's (the "District") Procurement Policy (the "Procurement Policy") was created to establish public confidence in the procurement process, ensure that all persons involved in the procurement process are treated fairly and equitably, and provide the District with quality, economical services and goods in a timely manner. The District strives to conduct the entire public purchasing process in an open and ethical manner, without conflicts of interest, favoritism, or the appearances of impropriety. The District is an Independent, Special District and is only required to comply with certain specified procurement provisions in the Florida Statutes, such as those governing public construction, auditor selection, local government investment, and consultants' competitive negotiation. The District has further limited itself as described in this Procurement Policy to ensure fair, equitable, and open procurements. The Procurement Policy centralizes purchasing to maximize the value obtained by the District in the expenditure of public funds through free and open competition between the most qualified, responsive, and responsible persons or firms interested in providing necessary goods and services to the District in a timely manner. As the District continues to grow, the need may arise and the District reserves the rights to waive, review, supplement, or rescind any policies or portion of the Procurement Policy from time to time, as it deems appropriate. This Procurement Policy will serve as a general guide, but specific questions or concerns related to construction contracts, which are not addressed in this Procurement Policy, should be directed to the Executive Director.

1.01 AUTHORITY

The authority to procure and pay for goods or services for the District rests with the Executive Director. The Executive Director is responsible for the functions of the purchasing process and will make recommendations, when necessary to the Board. The Executive Director is the authorized representative of the District to procure materials for the District. In the Executive Director's absence, the Maintenance Supervisor may procure goods and services on the District's behalf.

Before entering into any agreement, contract, or arrangement that obligates the District to pay a sum of money or otherwise perform in some manner, proper purchasing procedures must be followed in accordance with the Procurement Policy. All District employees are required to follow the provisions of this Procurement Policy and must not engage in any unauthorized purchase. Any District employee who intentionally or knowingly commits an unauthorized purchase may be held personally liable for such purchase and may be subject to disciplinary actions.

The following are unauthorized purchasing practices:

- 1) Dividing purchases into multiple segments in an attempt to issue a single Contract below the dollar threshold requirements as established in this Procurement Policy.
- 2) Purchasing any supply(ies) or service(s) above the dollar threshold established in this Procurement Policy directly from a vendor, bypassing the Executive Director.
- 3) Providing false information such as a false quotation.
- 4) Adding unauthorized purchases to a previously approved Contract without the appropriate approval authority and subsequent modification of the Contract.

Pre-approval is required before purchases are made and after-the-fact approval of purchases is to be avoided. Violation of this Procurement Policy may result in discipline up to and including termination.

2.0 COMPETITIVE SOLICITATION REQUIREMENTS

The District will comply with the competitive solicitation requirements of:

- 1) Auditor Selection provided for in Section 218.391 of the Florida Statutes;
- 2) Public Construction/Works provided in Section 255.20 of the Florida Statutes;
- 3) Consultants’ Competitive Negotiation Act provided in Section 287.055 of the Florida Statutes; and
- 4) Local Government Investment Policies provided in Section 218.415 of the Florida Statutes.

District staff will endeavor to comply with the fundamental premise of fairness through the implementation of this Procurement Policy. Unless otherwise provided by law as cited above, competitive solicitation will be used for the purchase of goods and services in accordance with the following process:

Competitive Threshold Category	Purchase Dollar Amount (per item)	Process Requirement	Authorization
Category One	\$0 - \$10,000	Single Quote or Relevant Pricing Information	Executive Director
Category Two	\$10,000.01 - \$25,000	Three Competitive Written Quotes (RFQ)	Executive Director
Category Three	\$25,000.01 or more	Competitive Selection – ITB, ITN, RFI, RFP	Board

The above chart represents the minimum procurement process requirements. The Executive Director has discretion to determine whether a good or service requires a more comprehensive process (i.e. a determination that a particular good or service in Category One or Two requires additional quotes, a competitive sealed bid or RFP.) Purchase Dollar Amount thresholds are measured by project and based on the Contract amount for the Contract term, or where no term is specified on a fiscal year period.

The submittal of any verbal quote, written quote, response to bid or RFP constitutes an offer by the vendor.

2.01 OBTAINING QUOTES

- 1) For purchases of goods or services in Category One, the Executive Director shall obtain at least one quote or relevant pricing information. Quotes may be obtained by any employee, but must be forwarded to the Executive Director for review and processing. Selected Vendor must execute Terms and Conditions before Quote is accepted by District.
- 2) For purchases of goods or services in Category Two, the Executive Director shall obtain through a request for quotes at least three written quotes. Each written quote should detail the quantity and description of the item purchased. Vendors must complete and return the written quote within the designated time period. The Executive Director will then review the quotes and obtain any necessary employee input relating to which vendor has submitted the best, responsive, and responsible quote meeting the specifications. Written quotes must have the name of the individual person providing the quote. An email is an acceptable form of a written quote. Selected Vendor must execute Terms and Conditions before Quote is accepted by District. For exceptions, see Section 2.06.

2.02 COMPETITIVE SELECTION

The minimum procurement process for acquiring equipment, supplies, or service with a cost in Category Three is through invitation to bid (ITB), invitation to negotiate (ITN), request for information (RFI), or the request for proposals (RFP) process.

- 1) **Invitation to Bid** – Unless otherwise provided by law, the District shall publicly advertise an invitation to bid no less than fourteen (14) calendar days prior to the bid opening. The invitation to bid must include a detailed description of the goods or services sought; the time and date for the submittal of sealed bids; the time and date of the public opening of submitted bids; the date for the District to award the bid; all contractual terms and conditions applicable to the contractual services or goods sought; and the criteria to be used by the District to determine the award of the bid. The public notice must also include a reference to the protest provisions set forth in Section 2.03(10).
- 2) **Invitation to Negotiate** – *See* Section 2.04.
- 3) **Request for Information** – Unless otherwise provided by law, the District shall publicly advertise an RFI no less than fourteen (14) calendar days prior to the response opening. The request shall include a description of the information sought; the time and date for the submittal of responses; and the date for the District to review the responses. Responses to these requests are not offers and may not be accepted by the District in the form of a binding contract. Responses for these requests may be used by the District in determining its needs with regard to the good or service and in developing ITB, ITN, or RFP related to the purchase of the good or service.
- 4) **Request for Proposals** – Unless otherwise provided by law, the District shall publicly advertise an RFP no less than fourteen (14) calendar days prior to the proposal opening. The request shall include a detailed description of the services and/or qualifications sought; the time and date for the submittal of proposals; the date for the District to select a proposal; all contractual terms and conditions applicable to the contractual services sought; and the criteria, which shall include, but need not be

limited to, price, to be used in determining acceptability of the proposal. The public notice shall also include a reference to the protest provisions set forth in Section 2.03(10).

2.03 BIDS AND PROPOSALS

- 1) **Packages** – Bid packages or requests for proposal must be prepared with the appropriate terms and conditions and detailed specifications, including items to be bid, units, and total (or estimated) quantity desired, instructions for bidding, delivery information, and any special requirements for bidding. Where possible, the District’s standard bid or proposal format should be used. Assigned dates and time for pre-bid meetings, if any, and for the public bid opening must be included. If the pre-bid conferences are mandatory, a representative from the bidder’s firm must attend or its bid will be rejected. Bids and RFPs will be publicly opened and read at the time designated in the documents. [The timing of the release of sealed bids/proposals, as public records, will be in accordance with Chapter 119 of the Florida Statutes.]
- 2) **Bid/Proposal Submissions** – A bid/proposal must be submitted on the District’s forms, signed by a legal officer of the company, and provide all requested information; otherwise, the bid/proposal is subject to being rejected.

FAILURE TO EXECUTE PROPERLY THE OFFICIAL SIGNATURE PAGE OF THE BID/PROPOSAL MAY RESULT IN AUTOMATIC DISQUALIFICATION OF THE BID/PROPOSAL.

The entire bid/proposal, including cover letter, all instructions, addenda, if any, and actual bid form must be returned intact. Further, all bids/proposals returned must be in envelopes, sealed, and clearly marked on the outside “SEALED BID” or “SEALED RFP.” Failure to read or comply with the bids or RFPs general information will in no way relieve the bidder(s) from their liabilities arising in the ITBs/RFPs.

Any questions to an ITB or RFP must be provided in writing in accordance with the ITB or RFP requirements. All written questions will be answered in writing and provided to all bidders/proposers in the form of addenda. All addenda issued are deemed part of the ITB or RFP.

- 3) **Specifications** – The preparation of specifications is the responsibility of the Executive Director. Manufacturer’s names, trade names, brand information and/or catalog numbers listed in a specification are for information and establishment of quality level desired and are not intended to limit competition unless the bid so stipulates. When the bid allows equal or equivalent products that conform to the required specifications, indicate on the bid form the manufacturer’s name, model or catalog number as may be required. Submit with your bid complete descriptive literature and/or specifications as well as a detailed explanation of how the proposed items meet the specification. The District reserves the right to determine what is equal or equivalent. Bids that do not comply with these requirements are subject to rejection. If the bidder fails to name another equal or equivalent item(s), it will be assumed that the bidder is bidding on, and will be required

to furnish, goods identical in every respect to the bid standard. Only one alternate per item number, as close to specifications as possible, will be allowed. If more than one alternate on an item is submitted, the District will only consider one alternative that it determines is equal or equivalent and the remaining alternatives will not be considered.

All supplies and equipment offered and furnished must be new and of current production unless the request for product and/or bid specifically authorizes the use of used or recycled items. Remanufactured or reconstructed items are not considered new. In cases where the District requests bids for new equipment employing trade-ins or used equipment, a trade-in price quotation will be requested for the trade-in and separate price quotation without trade-in for the requested equipment. The District reserves the right to purchase equipment either with or without trade-in.

All goods called for in the bids or RFPs will be delivered in good order F.O.B. destination, freight prepaid, inside delivery, within the time specified. A packing list must accompany all shipments.

- 4) **Bonds – Bid, Performance, and Payment** – When bid bonds are required, the bid must be accompanied by a certified check or cashier’s check, treasurer’s check, or bank draft of any national or state bank (personal or company checks are not acceptable), or bid bond in the amount as specified in the bid documents. Unless otherwise specified in the ITB, bid deposit checks or bonds (if requested) will be returned to the successful bidder following acceptance of a signed Contract and receipt of the Public Construction Performance and Payment Bond, if required. Bid deposit check and bonds (if requested) posted by the unsuccessful bidders will be released in accordance with the timeframes provided in the ITB. Bids received without a bid deposit or with a bid deposit in an amount, less than the required will be deemed non-responsive.

The bid deposit must be made payable to the District as evidence of good faith and ensuring that the successful bidder will execute a Contract in accordance with the terms, conditions and prices contained in the bid; and further ensuring that the successful bidder will provide a performance bond and payment bond within thirty (30) calendar days from the date of award of the Contract, issued by a company qualified as a surety company to do business in the State of Florida, as described below. Such bond must be for 100% of the Contract amount, as security for the faithful performance and payment of all of the Contractor’s obligations under the Contract. The bond will remain in effect and extend as a guarantee bond for one year from the date of acceptance of the completed work. Should the successful bidder fail to provide such performance and payment bond within the prescribed time, the bid bond amount submitted with the bid would be forfeited to the Board as liquidated damages.

All bonds shall be in the form prescribed by laws and will be executed by such sureties as are named in “Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies” as published in Circular 570 (as amended and supplemented) by the Financial Management Service, Surety Bond Branch, U.S. Department of the Treasury. The surety company must be licensed to do

business in the State of Florida, hold a certification of authority authorizing it to write surety bonds in this state, have twice the minimum surplus and capital required by the Florida Insurance Code at the time the ITB is issued and be otherwise in compliance with the provisions of the Florida Insurance Code.

Unless otherwise specified in the bid, the surety shall have at least the following minimum ratings:

500,000 to 2,500,000	Class VI A or better
2,500,000 and over	Class VII A or better

RATINGS SCHEDULE

A bond signed by an agent or attorney-in-fact must be accompanied by a certified copy of that individual's authority to bind the surety. The evidence of authority shall show that it is effective on the date the agent or attorney-in-fact signed the accompanying bond.

If the surety on a bond furnished by Contractor is declared bankrupt or becomes insolvent, or its right to do business is terminated in any state or jurisdiction where any part of the project is located, or the surety ceases to meet the requirements above, then Contractor shall promptly notify the District and shall, within 20 days after the event giving rise to such notification, provide another bond and surety, both of which must comply with the bond and surety requirements above.

- 5) **Bid/Proposal Selection** – The District may select a bid or proposal upon any relevant criteria to the extent the invitation or request clearly provide the applicable evaluation criteria and state the relative importance of each. Only qualified, responsive, and responsible bids will be considered for award. If the Contract is to be awarded based solely on price, the Contract must be awarded to the lowest qualified, responsible, responsive bidder/proposer in accordance with the applicable District resolution and applicable contract documents. This Section does not restrict the right of the District to reject the low bid of a non-responsible or non-responsive bidder and to award the Contract to the next highest ranked qualified and responsive bidder or the right of the District to reject all bids and rebid the project or elect not to proceed with the project. The Board reserves the right to waive minor formalities in any bid/proposal and to accept any bid/proposal, which they consider to be in the best public interest. Once the bids or proposals are evaluated, the bids or proposals and the recommendation are forwarded to the Board for review, approval, and award. The District will provide notice of a decision

or intended decision within ten (10) calendar days after bid or proposal opening where the 10-day period does not include the date of the notice or opening.

Awards will be made to the lowest and best Responsive and Responsible Bidder as determined by the Board, in its sole discretion. The Board's decision will be final and conclusive.

- 6) **Request to Withdraw Bid/Proposal** – A request for withdrawal will be granted if received by the District in writing at any time before the bid opening. The Board may grant a request for withdrawal, if received by the District in writing at any time before execution of a Contract with the bidder/proposer.

- 7) **Tie Bids** – Unless the Bid or Request for Proposal stipulates criteria for determination of an award for tie bids the criteria below will be used when two or more vendors submit the exact same dollar amount as their bid offer, or if two or more firms are deemed equal with the respect to price, quality, and service. In order of importance, the following criteria will be used to break a tie:
 - a) **Drug Free Work Place** – In accordance with Section 287.087 of the Florida Statutes, a drug-free workplace will be given preference. In order to receive preference, a signed certification of compliance must be submitted with the bid response.
 - b) **Local Preference** – When prices, quality, and other considerations are essentially identical, the bidder with a place of business in Pinellas County may be given preference.
 - c) **Toss of the Coin.**

- 8) **Bidders Liability** – If a bidder fails to enter into any Contract with the District based on the submitted bid, bidder acknowledges that bidder is liable to the District for all costs to re-bid the project as well as the difference between the agreed bid price and the price the District pays to secure the merchandise from another source. Failure to pay said amount to the District upon demand will result in the bidder being debarred and therefore, ineligible to submit Bids, proposals, or quotes to the District for a period of not less than three (3) years from date of the infraction.

- 9) **Tax Savings Program** – In order to limit the Florida Sales Tax upon a project and pursuant to Florida Statutes, and particularly Rule 12 A-1.094 (3), Florida Administrative Code, purchases under this procedure are exempt from competitive procurement.
 - a) The District shall issue a Certificate of Entitlement to the Contractor certifying:
 - (1) that the materials and supplies purchased will become part of a public facility; and
 - (2) that the District will be liable for any tax, penalty, or interest due should the Department of Revenue later determine that items purchased do not qualify for exemption.

- b) The District shall provide to Contractor a requisition form to be utilized for purchase of those supplies, materials and equipment (SME) described in this Procurement Policy. The District reserves the right to, at any time during the term of the project, add to, delete from, or modify the description of supplies, materials, and equipment described herein, at the District's sole discretion.
- c) Requisition forms will only be issued for the SME described in this Procurement Policy. Such forms must be prepared and submitted by the Contractor to the District. Such form must be submitted in sufficient time for review and consideration by the District so that the materials may be acquired directly by the District and delivered to the project site in sufficient time to assure its availability at the time that it is needed and so as not to delay progress of the project. It shall be the responsibility of contractor to assure that such requisition forms are submitted to the District's representative for approval by the District with sufficient time for the District's review and processing, such that no delay shall affect the need for or order of the item. It shall be the responsibility of Contractor to assure the subcontractors, sub-subcontractors, specialty contractors and others have the materials sought to be requisitioned on hand at the time required for installation in accordance with the project schedule.
- d) The District will reimburse to the appropriate vendors as designated and shown upon requisition forms through the vendors monthly invoice.
- e) Upon delivery of the material purchased to project site, a delivery ticket shall be signed by a representative of District and by doing so the District shall take title of the materials delivered. Delivery ticket must be attached to the invoice to District, to be forwarded through Contractor.
- f) The Contractor must submit invoices addressed to the District in a timely manner to allow District to take advantage of any applicable discounts. The District will issue payment of invoices for materials purchased as described in this procedure directly to the vendor.
- g) The Contractor shall prepare a complete list of instructions to be distributed to all applicable subcontractors with the procedures to be followed under the Sales Tax Savings Procedures. These instructions must cover those matters set forth in the Procurement Policy.
- h) Materials, supplies, and equipment acquired using this procedure are subject to the warranty provisions as required by the Contract between the Contractor and the District. Contractor acknowledges that District will be ordering materials for said project pursuant to the ability to benefit from the tax savings provisions of this agreement. Contractor further agrees that it is responsible for acceptance of delivery, storage, and installation of products ordered by the District. Further, Contractor is liable for all loss or damage to products subsequent to delivery of those products from the vendors or suppliers.
- i) Foregoing procedure is for limiting Florida Sales Tax upon the project pursuant to Florida Statutes and particularly Rule 12 A-1.094(3), Florida Administrative Code. Provisions and procedures will be construed in order to carry out the intent of the parties. Provisions and procedures established may be amended by District at any time,

upon any indication that such change, amendment or alteration is necessary to assure non-taxable sales tax treatment of the project.

j) The Contractor is responsible for any defects, storage, delivery, and installation as set forth in the contract documents for all materials, products, and systems purchased by the District. The Contractor must maintain as a part of the required Builders' Risk Insurance, or other insurances being provided, full replacement coverage for all items purchased by the District under this Sales Tax Savings Procedure.

10) ITB/RFP Protest Provision – This procedure applies to the resolution of all protests arising from the competitive award procedures set forth above. By submitting a bid/proposal to the District, bidders acknowledge and agree that this shall be the sole remedy for challenging an award of a procurement and all protests will be handled in accordance with the process set forth in this Section:

a) **Notice of Protest** – Notice of all District decisions or intended decisions will be made by electronic mail to all Bidders. Any person adversely affected by a bid or request for proposal must file a notice of protest in writing, within three (3) business days from the date on the notice of the decision. A formal written protest must be filed within ten (10) business days after the protesting party files the notice of protest. All timeframes above exclude Saturdays, Sundays, and state holidays, in their computation. No time will be added to the above time limits for mail service.

b) **Protest Fee** – When filing a formal protest, the protesting Bidder must include a fee in the amount of 5% of the selected Bidder's total bid to offset the District's additional expenses related to the protest. The fee shall not exceed \$2,500 nor be less than \$50. If either the District's Executive Director or the Board upholds the protest, the District will refund 100% of the fee paid.

c) **Formal Written Protest** – The formal written protest must state with particularity the facts and law upon which the protest is based, such as:

1. The name and address of the person or firm filing the protest;
2. An explanation of how they are adversely affected by the District decision or intended decision;
3. Identification of the procurement matter at issue.
4. A statement of how and when the notice of District decision or intended decision was received;
5. A statement of all issues of disputed material fact and, if there are none, a statement so indicating;
6. A concise statement of the ultimate facts alleged;
7. A statement of the applicable law, rule, statute, or other authority upon which the protest is based and which entitle the protestor to relief;
8. A specific demand for relief; and
9. Any other information material to the protest.

- d) Filing Notices of Protest and Formal Protests – All notices of protest and formal protests must be filed with the District’s Executive Director. A protest is not timely filed unless the written notice of protest, the protest fee, and the formal protest must have been received by the District within the prescribed time limits. No time will be added to the above time limits for mail service. Failure to file a timely protest constitutes a waiver of proceedings and a waiver of all claims.
- e) Stay of Award – Upon receipt of a formal written protest that has been timely filed, the bid solicitation or contract award process is stayed until the subject of the protest is resolved by final agency action, unless the District’s Executive Director, with the concurrence of the Board, sets forth in writing particular facts and circumstances which require the continuation of the solicitation process or the contract award process without delay in order to avoid an immediate and serious danger to the public health, safety or welfare. Notice that a contract award has been stayed will be given by electronic posting on the District’s Purchasing web page (e.g., (e.g., [https:// http://www.ppwmd.com/](https://http://www.ppwmd.com/))). Upon receipt of a timely formal protest of a decision or intended decision to award or reject all bids, qualifications, or proposals, notice will be given by electronic posting on the District’s Purchasing web page (e.g., (e.g., [https:// http://www.ppwmd.com/](https://http://www.ppwmd.com/))).
- f) Resolution of Formal Protest – Upon the written request of the protestor or on its own initiative, the District shall provide an opportunity for the protestor to meet with the Executive Director to resolve the protest by mutual agreement within seven (7) business days, excluding holidays, of receipt of a formal written protest. If the subject of a protest is not resolved by mutual agreement within seven (7) business days, excluding holidays, of receipt of the formal written protest, or a mutually agreed upon extension of time, then the Executive Director shall certify in writing to the Board that there was no resolution, provide the protestor with a copy of the certification.
- g) Quasi-Judicial Hearing – Within seven (7) business days from receipt of written certification that there was no resolution, the protestor may provide a written request that the matter be heard before the District Board in a quasi-judicial hearing. Failure to provide a written request to the Board within seven (7) business days of notice shall constitute waiver of any protest. Upon receipt of a written request, the Board may, in its discretion, request a written response from the Executive Director, and/or schedule the matter for hearing before the Board. Within seven (7) business days from the conclusion of the hearing, the Board will provide a written final decision on the matter to the protestor.

The protestor may contest the District’s decision in a court of competent jurisdiction in Pinellas County no later than thirty (30) calendar days after receipt of notice of the District’s decision, unless otherwise specified within the controlling request for proposal or qualification documents.

2.04 COMPETITIVE NEGOTIATION

For any category of services or goods, the District may choose to purchase the services or goods through an invitation to negotiate pursuant to the provisions below and all relevant laws. The

negotiations must be made on the best price, terms and conditions obtainable by the District to meet its needs. The District shall specify in writing and make available to prospective contractors its needs for the services and goods to be purchased prior to commencing negotiations with any vendor.

When staff determines it is in the best interest of the District to procure a good or service through competitive negotiation, staff will make a corresponding recommendation to the Board. Upon Board approval, the District may contract by negotiation without seeking bids/proposals first. When contracting by negotiation without first seeking competitive sealed bids/proposals for services and/or goods exceeding the threshold of Category Three, the following procedures shall apply:

- 1) **Written Request** – The Executive Director shall submit a request in writing to the Board detailing the necessity to contract by negotiation, the proposed steps to be followed by the District in negotiating the Contract, and the proposed vendors that will be used in the negotiations. The Board’s intended decision to contract by negotiation will be posted in the Executive Director’s office.
- 2) **Public Notice** – The District shall publicly advertise each instance in which services or goods are being sought and provide a general description of the project/goods. The notice must indicate how interested parties may apply for consideration and must indicate the criteria required to be submitted in any responsive letter of interest. The public notice must also include a reference to the bid protest provisions set forth in Section 2.03(10).
- 3) **Letter of Interest** – Pursuant to the public notice, a firm desiring to provide services for a project must timely submit a letter of interest containing evidence of current professional status, capabilities, adequacy of personnel, past record and related experience, list of sub-consultants, and other information required by the notice necessary for the District to evaluate whether the firm is qualified. For contracts for the purchase of goods, each vendor shall provide a final firm price, terms, and conditions for the specific commodity/contractual service offered.
- 4) **Competitive Selection** – The Executive Director shall evaluate each letter of interest submitted regarding qualifications and performance ability and will conduct discussions with and may require public presentations by responding firms regarding their qualifications, approach to the project, and ability to furnish the services required pursuant to the terms of the notice. The Executive Director shall select and list not less than three firms, in order of preference, deemed to be the most highly qualified to perform the required contractual services and/or provide the required commodity after consideration of the factors set forth in the notice. The District may select and list less than three vendors only when there are less than three vendors, which may offer the services or goods desired by the District. In determining whether a firm is qualified, the agency must consider such factors as ability of professional personnel; past performance; willingness to meet time and budget requirements; location; recent, current, and projected workloads of the firm; financial soundness of the firm; and the volume of work previously awarded to the firm. The Executive Director will then recommend to the Board that competitive negotiations be instituted with the firms selected. The Board may amend the Executive Director’s recommendations.
- 5) **Competitive Negotiation** – Once the Board authorizes competitive negotiations, the Executive Director shall begin contract negotiations for the subject project with the

designated firms in order of rank for fair, competitive, and reasonable compensation. Should negotiations with the firm determined to be the most qualified prove unsuccessful after that firm has provided their best and final offer, negotiations with that firm will be formally terminated and negotiations shall begin with the next most qualified firm on the list. Failing accord with the second most qualified firm after that firm has provided their best and final offer; the District must terminate negotiations with that firm and shall then begin negotiations with the third most qualified firm. If satisfactory agreement is not reached with any of the top three ranked firms, additional responding firms will be ranked and listed in the order of their competence and qualifications. Negotiations will then continue beginning with the first named firm on the second list until an agreement is reached. After successful negotiations, a recommendation shall be made that the Board award the Contract. The District will maintain an accurate record of the discussions held with each vendor/bidder/proposer.

The design-build contract must be awarded through either the use of the qualifications-based selection process pursuant to Section 278.055(3), (4), and (5) of the Florida Statutes, or the competitive proposal selection process described below. If the District uses a qualifications-based selection, then the District shall employ or retain a licensed design professional appropriate to the project to serve as the agency's representative.
- 3) Procedures for the use of a competitive proposal selection process are as follows:
 - a. Solicitation – Requests for proposal shall be sent to all interested firms requesting that their qualifications and proposed design be submitted at a time and place certain. The committee shall then rank and short-list firms based on the evaluation criteria set for on the request for proposal. The committee may require oral presentations of the short-listed firms. The average combined score received from the written proposal and oral presentation will determine the final ranking of firms. Price will also be considered in the evaluation process if used as an optional criterion. If Price is included, firms responding to the Request for Proposal shall submit both technical and price proposals. The price proposal would consist of either a lump sum, fixed fee amount or a guaranteed maximum not to exceed price. The price proposal must be based upon and include all costs or expenses to be incurred by the design-build firm in implementing and completing all aspects of the design-build project.

- c. Negotiation – After ranking, the committee shall attempt to negotiate a contract within the parameters of the design criteria package. The final negotiated price cannot exceed the price submitted in their proposal. Subsequent to competitive negotiations, the selected firm will establish a guaranteed maximum price and guaranteed completion date.

vendor's failure to comply with this provision of the Procurement Policy will be deemed a default and may provide cause for termination of the Contract and debarment. The following provisions must be incorporated into all Contracts:

The vendor providing goods or services to the District agrees to comply with the Florida Public Records Act, as applicable, including, but not limited to Section 119.0701 of the Florida Statutes. Documents which are considered public records under Florida law may include, but are not limited to: records related to the entry, management and implementation of the Contract; emails/correspondence between the District and the vendor related to the Contract; emails or correspondence from all other entities related to the Contract (i.e., subcontractors, suppliers, vendors, etc.); billing and related documents; plans or other documents that may be necessary, reports, etc.; subcontracts; and, all vendor invoices. The vendor agrees, to the extent required by law, to:

- 1) Keep and maintain public records that ordinarily and necessarily would be required by the public agency in performing the services of the Contract;
- 2) Provide the public with access to the public records under the same terms and conditions that the District would provide the records and at a cost that does not exceed the cost provided for by law;
- 3) Ensure that the public records are exempt or confidential, and exempt from public disclosure requirements, are not disclosed, except as authorized by law; and
- 4) Meet all requirements for public records and transfer, at no cost, to the District, all public records in possession of the vendor/contractor, upon termination or completion of the Contract and destroy any duplicate public records that are exempt or confidential, or exempt from public record disclosure requirements.

Furthermore, the vendor agrees that all records stored electronically must be provided to the District in a format that is compatible with the information technology systems of the District. The vendor shall promptly provide the District with a copy of any request to inspect or copy public records that the vendor receives and a copy of the vendor's response to each request. The vendor understands and agrees that failure to provide access to the public records is a material breach of the Contract and grounds for termination.

IF THE VENDOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119 OF THE FLORIDA STATUTES, TO THE VENDOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT randy@ppwmd.com OR 727-528-8022.

6.0 COMPLIANCE WITH THE PROCUREMENT POLICY

By providing any good or service to the District, the vendor agrees to comply with the provisions of this Procurement Policy. Failure of a vendor to comply with the terms of this Procurement Policy may be deemed as a default or breach of Contract and provide cause for termination of the Contract.

7.0 PURCHASING AND PROCEDURES

7.01 P-CARD

Purchases used in purchasing cards, (“P-Cards”), must be made in accordance with this Procurement Policy. P-Cards are a payment mechanism not a procurement mechanism. The District currently has P-Cards in the form of Home Depot and Visa credit cards. Open accounts with local vendors for miscellaneous supplies purchased in small quantities such as small tools, fasteners, auto parts, office supplies and food supplies are also considered P-Card purchases. The only employees issued P-Cards are the Executive Director, the Maintenance Supervisor, and the Executive Assistant. All purchases on the P-Card by anyone other than the Executive Director must be approved by the Executive Director in advance of the purchase. A P-Card may not be used for purchases over \$1,000. Personal use of any District P-Card is strictly prohibited.

7.02 SALES TAX EXEMPTION

The District is exempt from paying Florida State Sales Tax. All employees who purchase goods or services on behalf of the District shall supply each vendor with a copy of the District’s sales tax exemption certificate or number to avoid being assessed state sales taxes. Employees will not be reimbursed for the payment of state sales tax, except for travel outside the State of Florida and meals while traveling under Class “C” travel, where per diem is not issued.

The Sales Tax Exemption privilege is for the purchase of goods exclusively for use of the District. District employees are expressly prohibited from purchasing goods or supplies for personal use using the District’s tax exemption certificate or number.

7.03 GRANTS AND GOVERNMENTAL VENDORS

In connection with any grant to the District by any federal, state or other governmental entity or in connection with any vendor who is a federal, state or other governmental entity having legal requirements inconsistent with the provisions of this policy, the inconsistent provisions of this policy are waived and the legal requirements of governmental entity providing the grant will be complied with to the extent authorized by law.

7.03.1 Federally Funded Grant Procedures

When property or services are procured using funds derived from a Federal grant or agreement (whether directly to the District or through a “pass-through” from another entity such as the State), the District is required to and will follow the Federal procurement standards in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Rules), 2 C.F.R. Sections 200.213 and 200.317 through 200.326 including Appendix II to part 200 and will follow the procedures set forth below. All procurements utilizing these funds will be conducted in a manner that provides full and open competition and the District will follow the procedures set forth below.

Micro-purchases of \$2,500 or less, do not require competition or a cost/price analysis provided the District considers the price reasonable. Small purchases, \$2,501 to \$50,000, require price and rate quotes from an adequate number of qualified sources. Sealed bids, competitive proposals and noncompetitive proposals may be used pursuant to the requirements of 2 C.F.R. Section 200.320

The Executive Director will be the primary point of contact for all federally-funded reporting.

Additionally, noting that some emergency procurement activities may be reimbursable by the Federal Emergency Management Agency, term contracts which may be utilized during an emergency activation must be procured in compliance with the latest Federal Guidance.

1. Procedure Conflict. The District shall use its procurement procedures to the extent that they do not conflict with the Federal procurement standards. In the case of a conflict or where these procedures are silent on a particular issue, the requirements of 2 C.F.R. Sections 200.213 and 200.317 through 200.326 will apply.
2. Equipment. Management and disposition of equipment purchased with funds deriving from Federal grants shall be in accordance with 2 C.F.R. Section 200.313. All property acquired must be used for federally-authorized purposes until project funding ceases or until the property is no longer needed for the project, and will not be encumbered without approval of the federal awarding agency.

Property will be managed and disposed of as follows:

- a. The Executive Director will maintain property records that include a description of all federally-funded equipment, a serial number or other identification number, the source of funding for the property (including the Federal Award Identification Number (record of title, the acquisition date, the cost, the percentage of Federal participation in the purchase, the property location, use and condition, and the ultimate disposition of the property including disposal date and sale price.
 - b. The Executive Director will develop a control system to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft must be investigated.
 - c. The Executive Director will develop adequate maintenance procedures to keep the property in good condition.
 - d. The Executive Director will ensure that property authorized for sale is sold in a manner ensuring the highest possible return.
 - e. When original or replacement equipment is no longer needed for its original purpose, the District will request disposition instructions from the Federal awarding agency if required by the terms and conditions of the Federal award.
 - f. The District may retain, sell, or otherwise dispose of federally-funded equipment with a current per unit fair market value \$5,000 or less.
3. Procurement Standards. The Executive Director must maintain oversight to ensure that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.

All District employees and officers are subject to the provisions of the Code of Ethics for Public Officers and Employees (Sections 112.311 et seq. of the Florida Statutes); and the provisions governing Federal conflicts of interest outlined herein.

The Executive Director will perform an analysis to determine the most economical approach to purchasing alternatives such as lease versus purchase and to avoid the purchase of unnecessary or duplicative items.

When applicable, the District is encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions.

The District must award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

The District will be responsible, in accordance with good administrative practice and sound business judgment, for settlement of all contractual and administrative issues arising out of procurements.

Any person or entity wishing to dispute an award, source evaluation, claim, or other procurement related issue must submit all relevant information in accordance with Section 2.03(10), above.

4. Conflict of Interest. For Federal procurements, no employee, officer, or agent of the District may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated above has a financial or other interest in, or a tangible personal benefit from a firm considered for a contract. The officers, employees, and agents of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. The standards of conduct must provide for disciplinary actions provided for in the District's personnel policies to be applied for violations of such standards by officers, employees, or agents of the District.
5. Suspension and Debarment. The District is subject to the debarment and suspension regulations implementing Executive Orders 12549 and 12689, 2 C.F.R. Part 180.

The District may not enter into an agreement for property or services with an entity or person who has been disqualified (suspended or debarred) from participation in Federal programs or activities, unless the Federal granting agency grants an exception.

Prior to awarding any Contract, all potential vendors to be paid with federal funds will be verified against the System for Award Management (SAMS) at www.sam.gov.com for confirmation that the vendor has not been disbarred or excluded from receiving federal contracts or funds. Wording referring to this policy may be included on purchasing documents and contracts as deemed appropriate.

The District shall comply with all reporting requirements as mandated by the Federal granting agency.

6. Local Preference. Local Preference will not be used in the evaluation of bids or proposals relating to procurements deriving from Federal grant funding, unless otherwise provided for in any specific grant agreement. When contracting for architectural and engineering

services, geographic location may be a selection criteria provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

7. Minority Business and Women-Owned Business Enterprises. The Executive Director will take all necessary affirmative steps to assure that minority businesses, women-owned business enterprises, and labor surplus area firms are used whenever possible.

These steps include, but are not limited to:

- a. Placing qualified small, minority business and women-owned business enterprises on solicitation lists;
 - b. Assuring that small and minority business and women-owned business enterprises are solicited whenever they are potential sources;
 - c. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women-owned business enterprises;
 - d. Establishing delivery schedules, where requirements permit, which encourage participation by small and minority business, and women-owned business enterprises;
 - e. Using the services and assistance, as appropriate, of organizations such as the Small Business Administration, the Minority Business Development Agency of the Department of Commerce and the Florida Office of Supplier Diversity; and
 - f. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in this section.
8. Procurement of Recovered Materials. The District shall comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act, when procuring goods funded through Federal grant funding.

Whenever feasible, the District will procure items designated in the guidelines of the Environmental Protection Agency (EPA) at 40 C.F.R. Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000.

9. Contract Cost and Price. For every procurement in excess of \$150,000, including contract modifications or change orders that total greater than \$150,000, a cost or price analysis shall be performed in connection with every procurement subject to Federal procurement guidelines, which shall include an independent estimate of cost prior to issuing bids or proposals. For proposals where price is not considered in the award, profit shall be negotiated by the Finance Department as a separate element of the price. In determining whether profit is fair and reasonable, the Finance Department shall consider the complexity of work, the risk to be borne by the contractor, the contractor's investment, the amount of subcontracting necessary, the quality of the contractor's record and past performance, and industry profit rates for the surrounding geographical area. Cost plus a percentage of cost

and percentage of construction cost methods of contracting must not be used.

10. Bonding Requirements. For construction or facility improvement contracts or subcontracts exceeding \$150,000, these minimum requirements apply:
 - a. A bid guarantee from each bidder equivalent to 5% of the bid price.
 - b. A performance bond and payment bond on the part of the contractor for 100% of the contract price.

11. Contract Provisions. All contracts or purchase orders must contain the applicable provisions described in Appendix II to Part 200, pursuant to Section 200.326, of the Code of Federal Regulations. These include, but are not limited to:
 - a. Contracts in excess of \$150,000 must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for sanctions and penalties as appropriate;
 - b. Contracts in excess of \$10,000 must address termination for cause and for convenience by the County including the manner by which it will be affected and the basis for settlement;
 - c. When required, all prime construction contracts in excess of \$2,000 must include a provision for compliance with the Davis-Bacon Act, as supplemented, requiring contractors to pay laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination issued by the U.S. Department of Labor, which determination must be included with all solicitations. Contracts must include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145) as supplemented by Department of Labor regulations (29 C.F.R. Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States") stating that each contractor or subrecipient must be prohibited from including, by any means, any person employed in the construction, completion or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled.
 - d. All contracts must include an Equal Employment Opportunity clause as provided in Section 2.11 of this Policy which states that the Contractor offers Equal Employment and Educational Opportunities for all persons regardless of race, creed, color, sex, national origin, age, or handicap.
 - e. Where applicable, all contracts in excess of \$100,000 that involve mechanics or laborers must include a provision for compliance with the Contract Work Hours and Safety Standards Act, 40 U.S.C. 3701-3708.
 - f. Where applicable, a clause requiring compliance with the Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements, 37 C.F.R. Part 401.

- g. Contracts in excess of \$150,000 require compliance with the Clean Air Act (42 U.S.C. §7401 et seq.) and Federal Water Pollution Control Act as amended 33 U.S.C. 1251-1387 and associated regulations.
- h. Contracts must include requirements that a contract award may not be made to debarred, suspended, or otherwise excluded parties as listed on the System for Award Management (SAM).
- i. For contracts in excess of \$100,000, requirements for compliance with the Byrd Anti-Lobbying Amendment.

7.04 PROPERTY DISPOSAL

The District has the discretion pursuant to Chapter 274, F.S. to classify as surplus any of its property that is obsolete or the continued use of which is uneconomical or inefficient, or which serves no useful function. If the estimated value of the property is less than \$5,000, the property may be disposed of in the most efficient and cost-effective means as determined by the District. If the estimated value of the property is \$5,000 or more, the property shall be sold only to the highest responsible bidder, or by public auction, after publication of notice not less than one week nor more than two weeks prior to sale in a newspaper having a general circulation in the District. Authority for the disposal of property is recorded in the minutes of regularly scheduled meetings of the District.
